

## SHARING YOUR SCREEN (iOS) WITH THE ZOOM DESKTOP CLIENT

*Note: If you need to use the same device to run your Zoom call and your Novel Effect app, you can share your entire iOS device screen using tips found at [www.noveleffect.com/remote-learning](http://www.noveleffect.com/remote-learning).*

### Before you start, if screen mirroring:

- Zoom client for Windows or Mac **3.5.27094.0918** or later
- Computer and iOS device on the same network
- Install the plug-in from the [Zoom Download Center](#) for sharing iPhone/iPad
- iPhone 4 or later; iPad; iPad mini, 4th generation or later
- Network and computer firewalls allowing Airplay access

### Before you start, if wired sharing:

- Mac OS **10.10** or later
- Zoom client for macOS **4.0** or later
- iOS device running iOS **8** or later with the [latest version of Novel Effect](#) installed
- Lightning cable

## Sharing your screen with screen mirroring

1. In your Zoom meeting, click **Share Screen**
2. **Choose iPhone/iPad.**
3. To share your phone and Novel Effect audio into the meeting, check **Share sound**
4. Click **Share**.
5. If prompted, choose to install the plug-in.
6. Follow the on-screen instructions to connect your iOS device.
  - a. On your phone, swipe up to access the control center.
  - b. Tap **Screen Mirroring**.
  - c. Choose the **Zoom-your computer** option.
  - d. Your phone screen and audio are now shared into the meeting.
7. From your iOS device home screen **open the Novel Effect App**
  - a. Select your book, tap PRINT or EBOOK to begin, then read aloud.

## Sharing your screen with a wired connection

*Note: Sharing with a wired connection is only possible on Mac.*

1. In your meeting, click **Share Screen**
2. Choose **iPhone/iPad via Cable**.
3. To share your phone and Novel Effect audio into the meeting, check **Share computer sound**
4. Click **Share**.
5. Follow the on-screen instructions displayed.
  - a. Connect your iPhone or iPad via cable.
  - b. When prompted on the iOS device, select Trust.
  - c. Enter your passcode if required.

6. Your phone is now shared into the meeting.
7. From your iOS device home screen **open the Novel Effect App**
  - a. Select your book, tap PRINT or EBOOK to begin, then read aloud.

For the most up-to-date information on how to share your screen using iOS screen share and Zoom, visit [Zoom support](#).

**You can connect Novel Effect's audio and ebook display to a variety of video conferencing and live streaming platforms. Find more instructions on our website at [www.noveleffect.com/remote-learning](http://www.noveleffect.com/remote-learning)**
