

## iOS SCREEN SHARING USING JUST YOUR iOS DEVICE

*Note: If you need to share the entire screen on an older version of iOS, you can share using tips found at [www.noveleffect.com/remote-learning](http://www.noveleffect.com/remote-learning).*

### Before you start, update your iOS device:

- The [latest version of Novel Effect](#) installed
- iOS 11 or higher
- Zoom mobile app for iOS version **4.1.18611.1228** or higher

### First-time setup

1. Open the **iOS Settings app** on your phone or tablet
2. Tap **Control Center**.
3. Tap the **+** next to **Screen Recording** to add Screen Recording to your Control Center.

### Starting a screen share in your Zoom meeting

1. If this is your first time sharing your entire screen and you have not **set up Screen Recording in your iOS device's Control center** follow the first-time setup instructions above before proceeding.
2. In the Zoom app meeting controls, tap **Share Content**. The meeting controls will be at the bottom of your screen on an iPhone and the top right of your screen on an iPad.
3. Tap **Screen**.
4. Access the **Control Center**.
  - a. On iPhone 8 or older or iPads running iOS 11, swipe up from the bottom.
  - b. On iPhone X or iPads running iOS 12, swipe down from the top right.
5. Hold down on the record button until the Screen Recording option appears.
6. Tap **Zoom**.
7. Tap **Start Broadcast**.
  - a. After a count of 3, your entire device screen will be shared into the meeting.
8. Tap on the screen again to view the meeting window.
9. Tap **Share Device Audio** to enable or disable the sharing of device audio while screen sharing.
10. From your device home screen **open the Novel Effect App**
  - a. Select your book, tap PRINT or EBOOK to begin, then read aloud.
11. Tap the red bar at the top of your screen when you are ready to end the share.
12. Tap **Stop**.
13. Tap the red bar again to open Zoom.
